

CENTENNIAL SCHOOL DISTRICT #12

STRATEGIC PLANNING PRIORITY GOALS AND STRATEGIES

- I. Centennial School District #12 shall undertake measures to insure sufficient and equitable funding to support the qualitative and competitive operation of the organization on behalf of its students, parents, and citizens.

STRATEGY A. Research the feasibility of pursuing legal action to insure equitable school district funding in the future.

STRATEGY B. Communicate with the public—including governmental officials—about the school district's fiscal status, needs, and challenges to enhance organizational support.

- II. Centennial School District #12 shall continue implementation, refinement, and, as practicable, expansion of its instructional and support programs and services to increase student academic, social, emotional, and physical development.

STRATEGY A. Establish/refine continuous curriculum review cycle, including strengthening relationships between materials adoption, staff development, testing/assessment data, teaching methodologies, and organizational delivery.

STRATEGY B. Identify and implement data driven decision-making in priority areas of organizational operation. (e.g. staffing; student achievement).

- III. Centennial School District #12 shall plan, develop, implement, and/or refine operational systems to insure district, school, and department improvements, transitions, and decision-making.

STRATEGY A. Develop a comprehensive technology plan for the organization.

STRATEGY B. Develop a comprehensive capital improvement plan for the organization.
